

# FIRESCAPING WORKSHOP: PREPARING FOR WILDFIRES WITH FIRE-RESISTANT LANDSCAPING

August 1, 2018, 1-5pm Eastern

North Carolina Zoo  
Educational Building  
4401 Zoo Pkwy  
Asheboro, NC 27205  
Cost: \$10

North Carolina has a long history of wildfires. As more people move into natural areas, risk from wildfires increases. Fortunately, there are modifications homeowners can make to their home and landscape to be more fire-resistant.

This hands-on workshop is intended to teach community members, Master Gardeners and natural resource and Extension professionals about fire-resistant landscaping, or firescaping. The workshop will cover: firescaping basics, NC fire-resistant plants, and procedures for conducting a home landscape risk assessment.

*This workshop occurs prior to the NC Prescribed Fire Council Annual Meeting.*
